

Summer School 2021

Using the funding allocation we received from the DFE we were able to run an amazing five day Summer School in July 2021 for the Year 6 students who joined us in September 2021.

Our Summer School ran from Monday 26th July- Friday 30th July 2021 for our current Year 7 pupils. The students enjoyed a variety of workshops which really enhanced and enriched their new school experience.

The students met some of their new teachers, navigated the building and most importantly made some new friends. This has enabled our new Year 7 students to settle in well and give them the confidence to feel comfortable in the new school, allowing them to reach their full potential.

A great time was had by all!
